The Olympic Skeet Inter counties Championship was contested this year by four of the SER regions in rather chillier conditions marking a stark change to the weather of previous championships of the year. The background was rather low light & cloudy but the first two rounds offered excellent targets set by NCSC, however the next two rounds were a rather different affair as the wind picked up and made the difficult sport of Olympic Skeet even more challenging. Both high tower & low tower target became dropping crows & teals more akin to a sporting target which sharpened the concentration of all competitors bringing a variety of excellent marksmanship through to the despair of a few left shaking their heads as a target flew on into the distance.

One category was tied with the Colt Championship title being settled after a short shoot off between Katy Essex & Mathew Huxtable, with Katy emerging the winner.

Overall all were agreed that it was an excellent & well run Championship with grateful thanks to Ollie, the referees & all the staff for hosting the event.

Regards,

Jay Huxtable
